alan@metalcutting.us

The Metalcutting Solutions that we specialize include Workholding, Toolholders, Cutting Tools, Tooling Storage and Lubricants and Coolants for Milling, Turning, EDM and Grinding Equipment

### **Hold It - Cut It - Cool It**

The products we represent are focused on a specific segment of the metalworking industry primarily between the spindle and table of a milling machine or the turret and spindle of a lathe. Our emphasis is **cutting, holding, and cooling**. This targeted focus encourages us to seek out innovative technologies for process improvement for further machine optimization.

Made in USA - Modular storage - stainless steel available - color options - welded 440# drawer capacity , 1000# vertical holder storage, tooling carts

Machine and Fixture Elements, Clamping, Operating, Machine, T-Slot, Hole and Dowel, Standard Parts for Fixture Systems, Multiple Clamping Systems.

Producing tools made of solid carbide and since 1969. Product portfolio includes drills, reamers, milling cutters, countersinks, as well as special tools for PCB production and for the dental and medical sector.

USA Blender of premium maintenance and cutting oil and water soluble coolants - On-site full-service lab - ISO 9001 quality manufacturing

Automation workholding, locking power clamping experts, specialties include machining, welding, and part washers

Quick change workholding- modular fixture plates- modular tooling columns - quick change trunion - manual indexers - spin select tool holders - work supports - The only self extracting system- SpeedLoc is 4x stronger than competitors (more clamp strength) - Location repeatability is .0002 - Design engineering capabilities

Bruckner centers and face drivers, high-performance precision- highest accuracy - Industry leader in strength and rigidity

Complete offering of Machine Tool Accessories which includes end mill holders, collet chucks, spring collets, live centers, drill chucks, arbors, and toggle clamps. 100% USA quality control process

Leader in torque, rigidity, speed and TIR, made in the USA - USA repairs - Tool life beyond competition 87% of tools in field are still in service without a single repair
